_____ Raintree Pet Resort + Medical Center will perform a temperament test on all dogs prior to introduction into a playgroup. The cost for this is \$15.00. The temperament test allows the opportunity for a dog to slowly be introduced to a playgroup while under the close supervision of a playground attendant. We will review the pet profile provided by the pet owner/agent and use that information in conjunction with the temperament test to determine your dog's suitability for a playgroup. We will make every effort to place dogs in appropriate groups based on temperament, energy level, and age. Raintree Pet Resort + Medical Center reserved the right to refuse group playtime to your dog if any aggressive behavior is exhibited towards another dog or human. We understand that, like people, dogs may have a bad day or not get along with certain dogs. If this is the case, we may remove your dog from group for a "break" or offer individual playtimes.

_____ All vaccinations must be current. Proof of current Rabies, DA2PP, Bordetella, Leptospirosis, and current flea and tick medication must be provided prior to admittance into playgroup. I am also aware that while very effective, vaccines (in particular, but not limited to the Bordetella vaccine) do not protect against all strains of viruses. For this reason, I will not hold Raintree Pet Resort + Medical Center responsible for any occurrences of socially transmitted or airborne illnesses. In addition, I understand that all dogs over the age of six months must be spayed or neutered.

_____ Raintree Pet Resort + Medical Center will practice diligence to ensure the safety, well-being, and happiness of every dog in a playgroup. However, there will be certain risks associated with allowing the freedom of dogs interacting with other dogs. Even with constant supervision, nips, scratches, muscle soreness, disease, and dog fights may occur. Each pet owner needs to understand the risks involved, and that it will be the responsibility of the pet owner to take care of any veterinary fees.
